

# Comparisons of Inequality

To compare people, places, and things that are different use the following patterns:

***más adjective que = more \_\_\_\_\_ than / \_\_\_\_\_er than***

***menos adjective que = less \_\_\_\_\_ than***

- The adjective must agree with the noun it is describing (type 1, 2, 3)

## Irregulars

*mayor(es) que – older than*

*mejor(es) que – better than*

*menor(es) que – younger than*

*peor(es) que – worse than*
